| PRODUCT VIEW | LIFTED | SEATED | READING | NAPPING | RELAXING | TRUE INFINITE | TRENDELENBERG | ZERO-GRAVITY |
|--------------------------|--|--------|---------|---------|----------|---------------|---------------|--------------|
| 2-Position | The 2-position TV recline is achievable on all Pride® Power Lift Recliners. This is a comfortable position for performing many relaxing activities including reading, watching TV, working on your tablet or for conversation with family and friends. | | | | | | | |
| 3-Position | The 3-position full recline is available on most Pride® Power Lift Recliner models and puts you in a position ideal for napping or relaxing. | | | | | | | |
| Infinite-Position | The infinite-position lay flat recline is perfect for taking a nap. Infinite-position Pride® Power Lift Recliners enable the backrest and footrest to move independently from one another so that a variety of positions can be reached. The LC-107, LC-580i and LC-525i can have the footrest fully elevated while causing minimal impact to the back angle, achieving true infinite adjustability. True infinite positioning allows for easier social engagement, eating and crafting activities while having the footrest fully elevated. | | | | | | | |
| Trendelenburg | The Trendelenburg position, elevates one's feet higher than his or her head for increased comfort and relaxation. | | | | | | | |
| Zero Gravity | The zero gravity position, which can be reached on Infinite-position Pride® Power Lift Recliner models, positions one's thighs and lower legs higher than his or her torso. | | | | | | | |
| Infinite Lay Flat | Can achieve infinite (two, three, infinite) and lay flat positions. | | | | | | | |
