The 2010 TiLite ZR And ZRA. Accept No (L)imitations.

WHY TITANIUM?

- Reason No. 1: Titanium **Absorbs Vibration**
- Reason No. 2: TiLite Titanium **Won't Break**
- Reason No. 3: Titanium has the **Highest Strength-to-Weight Ratio** of Any Metal on Earth
- Reason No. 4: TiLite **Custom Builds** its Wheelchairs

INNOVATION.

- ZRA's **SpeedLoader** Adjustable Front Caster Housing (patent pending) quickly and accurately adjusts Fork Angle in **1° Increments**.
- Highly Adjustable **Camber Mount** incorporates TiLite's **Tru-Fit System** with up to **3.5"** of Rear Seat **Height Adjustment**.
- SlipStream** Single-Sided Fork with **Integrated Bumper** (patent pending).
- Our new **Performance 5-Spoke Soft Roll Wheel** weighs just 1.6 ounces, shaving 40% from the weight of the original, 3-Spoke Wheel.
- The new Z's 1.25" Mono-Tube Frame is **20% lighter** than its predecessor but retains Titanium's **44% strength advantage** over 7000 series aluminum.

FIT.

When we say **custom**, we mean it. Send us your **personal specifications** and we will build your Z Series entirely from **scratch** - in less than **10 days**.

PERFORMANCE.

Wheelchairs that perform well combine **superb fit** with unparalleled **quality of construction** and the right blend of **options**. You owe it to yourself to experience the super smooth ride of a custom-built titanium wheelchair that **fits perfectly**. It will perform as well in 5 years as it does today.

STYLE.

Can a wheelchair be cool? What is cool? At its core, it's a material object infused with human energy. On the new ZR and ZRA, you can choose from more options than any other manufacturer, including over 20 frame finishes, six color anodize packages, and titanium tattoos! The Z Series – infused with human energy – yours. Now that's cool.
